

HOUSING UPDATE – SAMARCO TAILINGS DAM COLLAPSE REPARATIONS

Date of Samarco dam collapse: 5 November 2015

Location	Number of Houses Companies Say are Rebuilt*	Number of Houses Affected Communities Say are Rebuilt**	Number of Houses Companies Say Need to be Rebuilt*	Number of Houses Communities Say Need to be Rebuilt**
Bento Rodrigues	10	10	202	255
Paracatu de Baixo	0	0	81	274
Gesteira	0	0	14	8
Rural Communities in Mariana and Barra Longa	10	0	2	
Familiar Resettlements***	6	0	141	42

Total houses to be rebuilt across all three communities: 537 according to affected community representatives, 440 according to the Renova Foundation.

Company number refers to BHP and Vale. Renova Foundation, their joint venture established to provide reparations in Mariana, has provided different numbers, as above.

*As at 15 June 2021

**As at 17 June 2021

*** The companies state that some community members are choosing alternative options, but the affected community members engaged state that they have just run out of energy to fight the companies and are being forced into options not of their choosing.
